Please list some of your accomplishments achieved during your racing career. The best I've done is third in the B Feature.

Tell us about a funny or memorable moment you have experienced while racing. I parked my car in the water on the bottom of turn three after they tol us not to drive into it.

What advice would you offer to someone who is considering building a racecar or to someone who has just started racing? Start small in the lower classes and work your way up.

When did you start building your car this year, and how often do you work on your car in the off season? The week after Cheater's Day.

Joe lives at 6025 W Jordan Ct.

He works as a Technician at Taylor Industries.

When Joe's not racing or working on his car he loves hanging out and playing with his son.
